

# WHAT IS THIRD-PARTY LOGISTICS?

Think of Third-party logistics (3PL) as your behind-the-scenes supply chain partner, handling everything from transportation to warehousing and order fulfillment — so you can focus on your business. Whether you're looking to streamline operations, cut costs or simply scale faster, 3PL offers the flexibility and expertise to make it happen.

Discover how 3PL works and why it could be a game-changer for your business:

1

## SEAMLESS TRANSPORTATION MANAGEMENT

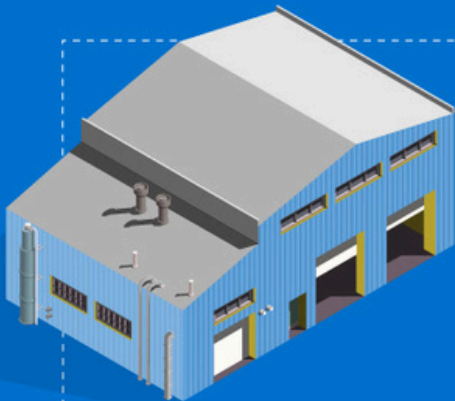

Coordinated pickup of products straight from suppliers and transported by ocean, rail, truck, or intermodal.

2

## FLEXIBLE WAREHOUSING SOLUTIONS

Tailored short- and long-term storage solutions to meet your needs, including public, dedicated, and specialized warehousing options such as temperature-controlled, bonded, and cross-docking facilities.

3

## INVENTORY MANAGEMENT & VALUE-ADDED SERVICES

Overseeing inventory levels to ensure the right amount of stock is available at the right time. Plus, add-on services such as quality assurance, re-packaging, labeling, and kitting.

4

## HASSLE-FREE ORDER FULFILLMENT

Efficient and accurate processing of customer orders from receipt to dispatch - including picking, packing, and staging products for shipment.

5

## RELIABLE DISTRIBUTION MANAGEMENT

Developing strategies for how products will be delivered, selecting and managing transportation methods and carriers, route optimization, and scheduling to ensure timely and cost-effective delivery.
